EDUCATION

Carnegie Mellon University | Pittsburgh, PA
- Master of Human-Computer Interaction | August 2027
- Relevant coursework (in progress): User-centred Research and Evaluation, Interaction Design Fundamentals, Programming Interactive Experiences, Research Issues in Game Development in XR

University of California, San Diego | San Diego, CA | 3.87 GPA
- Bachelor of Science in Cognitive Sciences (specialization: Design & Interaction) | June 2026
- Relevant coursework (completed): Interaction Design, Sustainable Development Design, Data Science in Practice

Houston Community College | Houston, TX | 3.84 GPA
- Associate of Science in Health Sciences (Highest Honors) | May 2023

EXPERIENCE

UX Accessibility Intern | OLI - Torus | Remote | August 2026 - Present
- Evaluated instructor workflows across 8 core pages, identifying 10+ critical WCAG violations to remediate accessibility barriers.
- Translated accessibility audit findings into actionable design in collaboration with PMs and engineering leads.
- Created WCAG compliant keyboard flows and a modular filtering system to improve instructor task efficiency.

UX Research Associate | EPAM Systems | Remote | Apr. 2026 – July 2026
- Spearheaded an end-to-end user research initiative investigating enterprise AI adoption patterns and workflow integration across the energy sector.
- Conducted in-depth qualitative interviews with ~10 senior executives across 7 energy enterprises to evaluate human-AI interaction, friction points, and operational trust.
- Synthesized qualitative findings, identifying key limitations in enterprise AI tooling and human agency.
- Formulated an enterprise AI evaluation framework to standardize long-term UX assessment.

Product Design Intern | Cognite | Austin, TX | Jun. 2025 – Sept. 2025
- Facilitated 10+ usability testing sessions across internal and external stakeholders, directly informing 3 high-impact feature redesigns.
- Integrated generative AI tools (Cursor, Gemini, Figma Make) into prototyping workflows, reducing wireframe to interactive prototype transition by 30%
- Collaborated with cross-functional product and engineering teams to design and test interactive prototypes for AI-integrated industrial workflows.

UI/UX Development Consultant | AMG INVEST | Houston, TX | Aug. 2024 – Apr. 2025
- Conducted heuristic evaluations of the existing platform to identify usability bottlenecks, redesigning interfaces to optimize client engagement.

SKILLS

- UX Research: User Interviews, Heuristic Evaluations, Journey Mapping, Concept Validation, Usability Testing
- UI/UX Design: Workflows, Wireframes, Interface Design, Interaction Design, Visual Design
- Software and AI: Figma, Dovetail, Miro, Figma Make, Gemini, Cursor, Python, JavaScript, Adobe Creative Cloud
